

Mathematics

In maths our topics are:

- numbers to 20;
count forwards and backwards from zero to 20
group ten objects and count on from ten
recognise a 'ten' and 'ones' in teen numbers
compare and order numbers to 20
create patterns with numbers within 20
- addition and subtraction within 20;
counting on to add small amounts
counting back to subtract small amounts
using number bonds/known facts to add
using number bonds/known facts to subtract
using the 'Make ten' strategy to add
using the 'Make ten' strategy to subtract
applying strategies and experimenting with modelling

R.E

In RE we are learning about:

- why saints are important to Christians.
- characters in the nativity story.

Art

We are learning to:

- investigate animals and continents through the use of art.
- look at a different continent, investigating the animals and then creating a piece of artwork.
- work our way around the world looking at new art skills.

PSHE

We are learning to:

- discuss, explore and celebrate difference.

English

In English we are learning to:

- understand and use contractions.
- think about rhyming words and how they could be used in a poem.
- create our own animal acrostic poems.
- noting ideas
- sequence sentences to form short narratives.
- plan and write our own animal poems, using rhyming words and our senses.
- writing for different purposes.

Our story book this term:

- One Day on our Blue Planet...in the Savannah, by Ella Bailey

Handwriting and Phonics

In handwriting we are:

- practising initial sounds and words.
- presenting our work beautifully.

In phonics we are:

- are starting to revisit and learn the set 3 speed sounds. We will be learning to read and spell words containing these sounds.
- writing in our Read Write Inc comprehension books.

Amazing Animals!

Autumn 2 2019

CURRICULUM MAP

Year One Cairo Class

History

We are learning about:

Our local history

- Hampton Court Palace and why the Tudors were such an important part of history.
- Tudor houses, food and clothes.

P.E Dance and Football

We are learning to:

- move our bodies in different ways.
- demonstrate football skills.
- understand simple rules and player positions.
- use equipment safely.
- demonstrate respect and fair play when winning or losing.

Science - Animals including humans

In science we are learning to:

- identify and name a variety of common animals.
- describe and compare the structure of a variety of common animals.
- identify, name, draw and label the basic parts of the human body and make connections to our senses.
